

COOL GEL LATEX 1500

Reimagine your sleep with the innovative Cool Gel Latex range, expertly engineered with advanced technologies to create the ideal sleep climate for every sleeper.

1500* POCKET SPRINGS

Pocket springs move independently and so provide the best postural support. The individual pocket springs follow and support your body shape and weight. *King size.

1500

COOLING GEL LATEX

Cooling Gel Latex is an advanced comfort layer engineered to deliver a balanced sleep experience — cool, supportive, and pressure-relieving.

SUPPORTIVE FIBRE LAYER

Made from recycled plastic and designed to give comforting support.

COOL TOUCH SLEEP SURFACE

Fabric designed to regulate temperature and enhance sleep quality.

PROBIOTIC FABRIC TREATMENT

A 100% natural Probiotic fabric treatment to protect against allergens, bacteria and odours, promoting a fresh and healthy mattress.

3 ROWS OF SIDE STITCHING

Provides a more robust mattress border than a standard mattress.

NO TURN

No need to turn the mattress, although regular rotation will extend its life.
