

HEYFORD ORTHO 1500

Firmer orthopaedic support is cleverly achieved in this mattress by combining supportive pocketed springs with generous layers of luxurious natural cotton fillings.

1500* POCKET SPRINGS

Pocket springs move independently and so provide the best postural support. The individual pocket springs follow and support your body shape and weight. *King size.

FIRM EDGE SUPPORT

Firmer springs along the sides add strength to the edge of the mattress to allow you to use the whole surface of the mattress as a sleeping area.

COOLING NATURAL COTTON BLEND

Cotton is combined with soft white fibre into a deep layer. Cotton is breathable, highly absorbent and is excellent at controlling body temperature through its moisture wicking properties.

HYPO-ALLERGENIC SUPERFLEX FOAM

Designed to provide excellent levels of comfort and support. Dust mites cannot survive in the foam, allowing a healthy environment and peaceful sleep.

DURABLE COTTON FOUNDATION

This cotton layer is designed with responsive rebound properties that complement the pocket springs to help provide the most comfortable feel.

3 ROWS OF SIDE STITCHING

Provides a more robust mattress border than a standard mattress.

HAND TUFTED WITH WOOL TUFTS

This traditional skill ensures all loose fillings are secured to provide the perfect finish to your mattress.

TURNABLE

Both sides can be used prolonging the life of the product. Turnover and rotate your mattress once a week for the first 3 months and then once a month thereafter.

MATTRESS DETAILS

Mattress border height: 32cm
(including a 4cm maximum tolerance for loft of fillings for turnable mattresses)

Size (W x L)	Spring count	Weight(kg)
